

Avigilon Control Center™ ES HD Recorder Release Notes

Version 1.2.2.126 (ACC Version 5.10.14.2) – Released July 12th, 2017

Release Summary

This is a service release of Avigilon Control Center™ 5.10. This release addresses critical vulnerability CVE-2017-9765, a SOAP web services interface defect. While the risk for Avigilon products installed behind a firewall or isolated network is limited we strongly recommend all users to update to this release. Also, users with a large number of cameras who experience system instability as described below should install this service release due to the corrected issue listed below.

Issues Fixed

- Fixes critical vulnerability CVE-2017-9765. While the risk for Avigilon products installed behind a firewall or isolated network is limited we highly recommend all users to update to this release.

Known issues in this release

- Analytics metadata (bounding box) streaming between the server and the client was modified slightly in ACC 5.10, so ACC 5.8.4.28 and older clients will not see bounding boxes when connected to an ACC 5.10.0.16 or newer server. The workaround is to upgrade all clients along with the server. This issue will not be fixed in a future service release
- When using the Compression and Image Rate dialog, the low bandwidth camera stream resolution will retain all manual settings when the profile is changed back from Manual to Automatic. Workaround is to click on restore defaults
- Attempting to define a digital output trigger duration greater than the maximum allowed of 60 minutes will correctly report an error, but it will not accept any further input. Workaround is to close the dialog and start again.

Avigilon Control Center™ ES HD Recorder Release Notes

Version 1.2.2.126 (continued)

Avigilon™ Camera FW Included

- V3.16.0.176 for H4 Mini Dome cameras
- V3.16.0.174 for H4 SL Bullet and Dome cameras
- V3.16.0.168 for H4 Pro H.264 cameras
- V3.16.0.178 for H.264 H3 cameras with self-learning analytics
- V3.16.0.172 for H4 Fisheye cameras
- V3.2.0.44 for H3 Multisensor cameras
- V3.16.0.170 for H4 PTZ cameras
- V3.16.0.182 for H4 Box Bullet Dome cameras with self-learning analytics
- V2.6.0.160 for H3 Micro Dome cameras
- V2.6.0.158 for H3 PTZ cameras
- V2.6.0.160 for H3 Bullet cameras
- V2.6.0.160 for H3 Box Dome cameras
- V2.2.0.52 for H.264 encoders
- V.2.2.0.34 for HD H.264 cameras
