

## Avigilon™ Control Center 5 Release Notes for Integration with Access Control Manager 5.6.0

### Access Control Manager Integration 5.6.0.28 - Released February 18, 2016

#### Release Summary

The Avigilon system integration allows you to achieve a unified security through the use of the Alarm Gateway component and the VidProxy component. The Alarm Gateway component allows alarms triggered in the Avigilon Access Control Manager to be monitored and recorded through the Avigilon Control Center software. The VidProxy component allows you to see video and receive events from the Control Center system in the Access Control Manager application.
