

## Avigilon™ Control Center 6 Release Notes for Integration with Identiv Velocity 3.6 SP2

Identiv Velocity integration 6.2.2.6 – Released Sep 29, 2017

### Release Summary

This integration update adds support for Identiv (formerly known as Hirsch) Velocity version 3.6 SP2. It maintains the ability to share alarms between the Avigilon Control Center system and the Identiv Velocity access control system so alarms linked from each system can be monitored within a single platform.

### New Features & Issues Fixed

- Added support for Identiv Velocity 3.6 SP2
- Added search box for Identiv alarms list on the admin tool
- Fixed Velocity admin tool process not terminating automatically during uninstall

### Supported versions of ACC

- ACC 6.2.2.6 and later

### Supported versions for Identiv Velocity

- Identiv Velocity 3.6 SP2

### Known limitations

- No known limitations
